

Seder Code Word

A GAME FOR EVERYONE!

Play either as individuals or in pairs.

Before the Seder starts, each player or pair chooses one word and one funny sound (dog bark, whistle, cheer, choo choo-- anything.) Keep the Code Word and the sound a secret. Each time the Code Word is said by someone at any point throughout the Seder, the player or pair makes their sound. By the end of the Seder, everyone else at the table needs to guess everyone's Code Words.

An alternative is to have a deck of premade cards with frequently-said Seder words. Players can choose a card from the deck, and that becomes their Code Word.
